

REMARKS

This Amendment is submitted to amend the claims to remove issues for appeal. Claims 7 and 13 have been amended to correct informalities.

The Examiner objected to claims 7 and 13. Regarding claim 7, the Examiner stated that "and;" should be "and". Regarding claim 13, the Examiner stated that "said mapping" on line 12 should be "using said mapping". These amendments have been made to correct the informalities. This Response to Final Office Action is proper for entry because the scope of the claims has not been changed. Further, this Response to Final Office Action is proper for entry because it removes issues for appeal.
